

2017 Ashland Watershed Youth Training & Employment Program

Looking for a fun summer job working outside?

Interested in learning about Ecology, Habitat Restoration or Forestry?

Excited about making the world a better place?

If your response is "YES" to any of these questions then we invite you to apply!

Help make a difference in the world this summer! Put on your boots and gloves and get to work restoring the forests and streams of southwest Oregon.

Using the Ashland Watershed as an outdoor laboratory, your participation in this program will help you gain valuable workforce experience and learn about the career paths in natural resources, ecosystem restoration, science and ecology.

Under the guidance of Lomakatsi's professional workforce trainers and environmental educators, as well as daily guest presentations by natural resource specialists, you will take part in stewardship related activities that include:

- Ecological Restoration
- Technical Forestry
- Ecological Monitoring
- Watershed Management
- Invasive Species Management
- Soil Science
- Botany
- Stream Restoration
- Fire Ecology
- Wildlife Habitat Restoration
- Trail Maintenance
- And More!

When:

July 10 — August 3, 2017

Who Can Apply:

Incoming Juniors and Seniors, and Graduating Seniors from Central Point, Medford, Phoenix, Talent and Ashland High Schools

Pay: \$11.00 per hour

Schedule: 32 hours per week, Monday through Thursday

Are You Ready to Work?
